

ALLOTMENT OF TOPICS FOR TERM PAPER WRITING

Course: BCA

Year: 3rdSemester: 6th

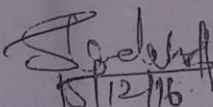

Group: BCA-61

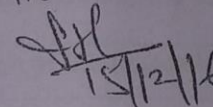

S. No.	University Roll No.	Name of Students	Topics Allotted	
1	15065106001	Abhishek Chakroborty	Topic-1	Behavior of construction chart : a pictorial representation
			Topic-2	Study of working of Decision support systems in Knowledge Management
2	15065106002	Abhishek Mehra	Topic-1	A mixture of morality of designed programming
			Topic-2	Appreciation of Knowledge Management in Modern System
3	15065106003	Akash Gupta	Topic-1	Aids of testing approach after software development
			Topic-2	Data Marts: a forthcoming trend in Data Management
4	15065106004	Akshansh Sharma	Topic-1	Constraint of possibility study in system development
			Topic-2	A review on various Data Mining Functionalities
5	15065106005	Aman Rastogi	Topic-1	Imposing effect of scheduling in system development
			Topic-2	Survey on various Text Mining Algorithms –Pros, Cons and their Application
6	15065106006	Amit Patel	Topic-1	Finding limitations of today's internet in the context of e-commerce.
			Topic-2	Significance of wireless application protocol in the context of wireless security
7	15065106007	Anamika Singh Kant	Topic-1	Examination of collection dynamics: risk and feasibility
			Topic-2	A technical note on Group Decision Support and Groupware Technologies
8	15065106008	Anamika Verma	Topic-1	Analyzing the scope of the electronic commerce in current scenario
			Topic-2	Detailed analysis of a model for Internetwork Security
9	15065106009	Anjali Gupta	Topic-1	Study of Porter's value chain model used in e-commerce
			Topic-2	Analyze any ten major security services of network security and management
10	15065106010	Ankita Singh	Topic-1	Role of Electronic Data Interchange (EDI) in e-commerce transaction
			Topic-2	Importance and issues of Wireless LAN security

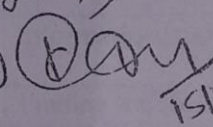

11	15065106011	Ankur Singh	Topic-1	Study of working pattern of e-commerce transaction for B2B (BUSINESS To BUSINESS)
			Topic-2	Analyze the scope of risk management in network management
12	15065106012	Anuj Kumar Yadav	Topic-1	Aptitude of database strategy software superiority metrics
			Topic-2	Analysis of Multi-Dimensional View of Data Mining
13	15065106013	Atul Kumar Singh	Topic-1	Request programs software package evaluation and acquisition
			Topic-2	Study on Data Warehouse Architecture
14	150651060014	Ayush Gupta	Topic-1	Control of process modeling with physical DFD
			Topic-2	Survey of several techniques of Knowledge Management
15	150651060015	Chetan Deep Singh	Topic-1	Possibility of data demonstrating with ER Diagram
			Topic-2	A Procedural Note on 'Data mining and knowledge discovery are interrelated'
16	150651060016	Devang Srivastava	Topic-1	Assistances of fact finding techniques
			Topic-2	Understand the role of Data mining of Advance Databases
17	150651060017	Gaurav Verma	Topic-1	Pros and cons of BUSINESS To BUSINESS (B2B)over BUSINESS To CONSUMER (B2C) e-commerce transaction
			Topic-2	Significance of various methods of defence to protect network.
18	150651060018	Guru Prakash Singh	Topic-1	Significant role of electronic commerce and trade cycle
			Topic-2	Functionality of active and passive attack in network security
19	150651060019	Harshita Sukla	Topic-1	Training of various design techniques
			Topic-2	Survey various limitations Knowledge Management
20	150651060021	Ishita Pandey	Topic-1	Relations of various difficult techniques
			Topic-2	Technical note on Concept and Structure knowledge management systems
21	150651060022	Jatin Yadav	Topic-1	Surveying different marketing communications channels of e-commerce
			Topic-2	Explanation of major five services of the network security
22	150651060023	Jyotsna Srivastava	Topic-1	Finding role of internet (i.e. LAN,WAN and MAN) for smooth e-commerce transaction
			Topic-2	Basic categorization of malicious code in the context of network security
23	150651060024	Madhur Gupta	Topic-1	Qualities of integration testing : A practical approach
			Topic-2	Study of various characteristics of Data Warehousing
24	150651060025	Madhur K. Jain	Topic-1	Future scope of e-commerce transaction in the context of Indian society
			Topic-2	Definitions of different security threats (any ten)from which needs to protect the network
25	150651060026	Mahak Anand	Topic-1	Study of competitive advantage using e-commerce

			Topic-2	Detailed working of translational and substitution encryption methods
26	15065106027	Md. Atif Siddqui	Topic-1	Effect of process modeling with logical DFD
			Topic-2	Cultivation of ground-breaking mind and development of entrepreneurial skills
27	15065106028	Nikhil Mishra	Topic-1	Study of strategy formulation & implementation planning in e-commerce
			Topic-2	Detailed functionality of cryptography in the context of data security
28	15065106029	Nishikant Tiwari	Topic-1	Possibility of facts modeling with DFD
			Topic-2	Understand the role of knowledge management within an organization
29	15065106030	Pallavi	Topic-1	Analyzing various failure issues of e-commerce transaction in the context of Indian society
			Topic-2	Architecture of public and private key cryptography in data security
